Admin Panel Features

LOGIN PAGE

Purpose

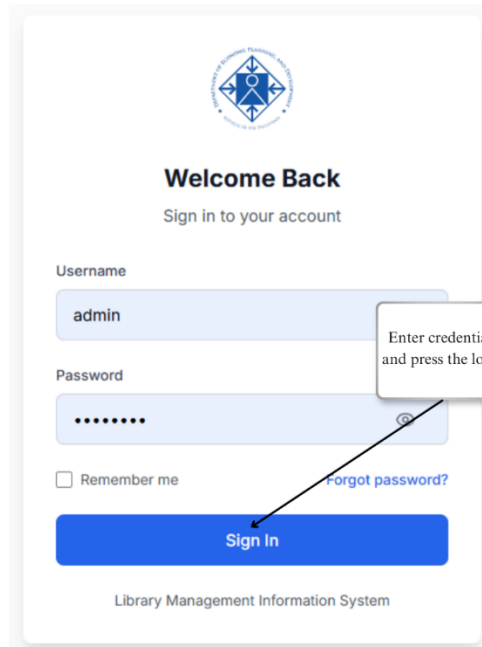

Secure entry point for administrators.

Procedure

1. Enter Username and Password.
2. (Optional) Tick Remember Me.
3. Click Sign In.
4. Use Forgot Password if needed.

Result

Redirected to the Admin Dashboard once credentials are verified.

The screenshot shows the login interface for the Library Management Information System. At the top is a circular logo with a book and a gear. Below it, the text "Welcome Back" is displayed in bold, followed by "Sign in to your account". The login form includes a "Username" field with the text "admin" and a "Password" field with masked characters ".....". There is a "Remember me" checkbox and a "Forgot password?" link. A blue "Sign In" button is at the bottom. A callout box with the text "Enter credentials and press the login" has an arrow pointing to the "Sign In" button. The footer text "Library Management Information System" is at the bottom.

DASHBOARD OVERVIEW

Purpose

Quick overview of library operations.

Procedure

1. After login, view metrics: Patrons, Downloads, Date/Time.
2. Panels display:
 - Collection by Category

- Recent Acquisitions
 - Most Downloaded
3. Use sidebar navigation to access modules.

Result

Administrators can monitor system usage and library activity at a glance.

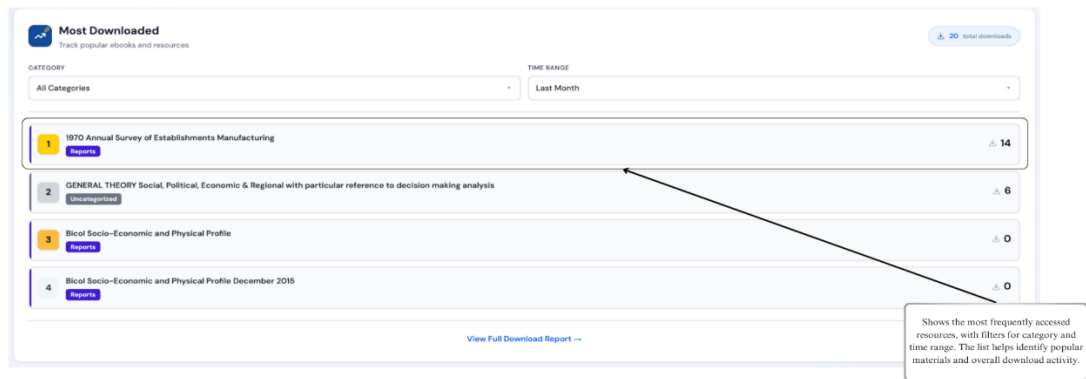

Opens the complete catalog, allowing users to browse all items across categories.

Shows the number of patrons, total downloads, and the current system date and time.

Displays the latest items added to the library collection, with details such as title, author, and category. The "View All" button opens the full list of recent acquisitions.

Identifies items in the catalog with the same title but different authors. This helps administrators detect and manage duplicate records for accuracy.

Displays the average publication year of items per category. This helps administrators assess whether materials are current or outdated.

CATALOGING

Purpose

Organize and maintain bibliographic records.

Procedure

1. Click Cataloging.
2. Use overview metrics (Total Books, Missing ISBN, Publisher stats).
3. Options:
 - Archives → view stored records.
 - Import Excel → bulk upload with required headers.
 - Add New → manually add a book.
4. Detect duplicates via Duplicate Titles.
5. Assess collection relevance via Collection Currency.

Result

Books are cataloged with complete metadata, ready for accessioning.

Import Excel Files

Drop spreadsheet or click to browse

MAX 10MB AUTO-MAPPING

REQUIRED HEADER MAPPING

> Call No.	> Title	> Author	> Publisher	> Date of Publication
> ISBN/ISSN	> Copies			

Our engine automatically detects and cleans your data. Blank rows, section headers, and unmapped columns will be ignored during the transaction.

Cancel Upload Data

Upload a spreadsheet to add records in bulk. Required headers include Call Number, Title, Author, Publisher, Date, ISBN/ISSN, and Copies. The system auto-maps and cleans data before importing.

ACCESSIONS

Purpose

Register cataloged books into the official collection.

Procedure

1. Click Accessions.
2. Review summary (Total Accessions, Unique Titles, Monthly Additions).
3. Use table to view records.
4. Click + Add Accession:
 - Search cataloged book.
 - Enter Accession Number and Date.
 - Save record.

Result

Book becomes part of the permanent library inventory.

Accessions
Track new acquisitions and intake workflow

Shows a summary of new acquisitions. It displays the total number of accessions, items added this month, and counts of unmatched styles or publishers. This provides administrators with a quick overview of catalog intake activity.

TOTAL ACCESSIONS: 2
UNIQUE TITLES: 2
THIS MONTH: 2 New acquisitions
UNIQUE PUBLISHERS: 0

Looking for something specific? Use queries. All Statuses Archives Add Accession

Accession No.	Title	Author	Publisher	Date Acquired	ISBN	Access Level	Actions
2026-0001	Bicol Socio-Economic and Physical Pr...	NEDA Regional Office No.5	-	Mar 16, 2026	-	Public	[Edit] [Archive] [Delete]
2026-0002	Bicol Socio-Economic and Physical Pr...	NEDA Bicol Region	-	Mar 16, 2026	-	Public	[Edit] [Archive] [Delete]

Displays all accession records in a structured list. Each row shows details such as category, call number, title, author, ISBN, and includes action buttons to edit, archive, or delete entries.

Clicking Archives opens stored accession records for review. Clicking Add Accession opens a form where you can enter details of new acquisitions, including category, title, author, and publisher.

Add Accession

Select Cataloged Book

Search for a cataloged book to add to accessions. Bibliographic details will be locked from the catalog.

Search by title, author, call number, or ISBN...

ACCESSION INFO

ACCESSION NUMBER * 2026-0003

DATE ACCESSIONED * dd/mm/yyyy

No Book Selected
Please select a cataloged book from the search above to proceed. Accessions must be linked to existing catalog records.

Cancel Add Accession

Opens a form where you select a cataloged book, enter the accession number and date, then save the record. The button only works once a book is linked..

ACQUISITIONS

Purpose

Display newly cataloged and accessioned books.

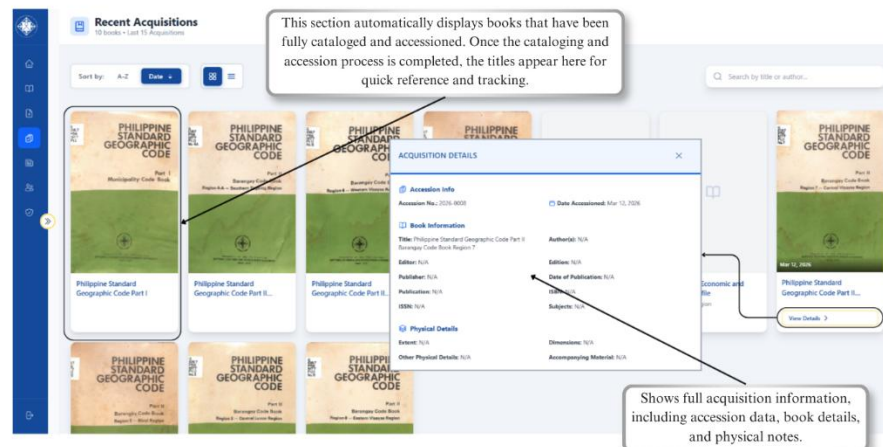

Procedure

1. Open Recent Acquisitions.

2. Review list with thumbnails and dates.
3. Use search and sort options.
4. Click View Details for full acquisition info (accession data, bibliographic details, physical notes).

Result

Administrators track new additions and verify catalog accuracy.

NEWS & ANNOUNCEMENTS

Purpose

Publish external articles and send internal updates.

Procedure

- Add News Link: Enter title, URL, category, thumbnail → Publish.
- Send Announcement: Enter subject, message, audience, attachments → Send.
- Manage published/sent items with edit/delete options.

Result

Patrons and staff stay informed about updates and notices.

News & Announcements
Publish external news links and send announcements to library patrons and staff

Add News Link

e.g. DeptEd Releases New Guidelines...

ARTICLE URL
<https://example.com/article>

CATEGORY
General

THUMBNAIL — optional

Click to upload or drag & drop
PNG, JPG, GIF, WebP - max 3 MB

Published Articles

Shows a list of articles with category, date, title, and link. This section displays all published items for easy access and reference.

This section lets administrators publish articles by entering a title, link, and category. Published items appear in the list with options to refresh, delete, or adjust settings.

News & Announcements
Publish external news links and send announcements to library patrons and staff

Send Announcement

SUBJECT
Announcement subject line...

MESSAGE BODY
Write your announcement here...

AUDIENCE
All Users

ATTACHMENTS (MAX 10)
Click to attach files

Sent Announcements

Lists sent announcements with options to view, edit, or delete.

Allows administrators to create announcements by entering a subject, message, audience, and optional attachments. Sent announcements appear in the list with options to edit or delete.

USER MANAGEMENT

Purpose

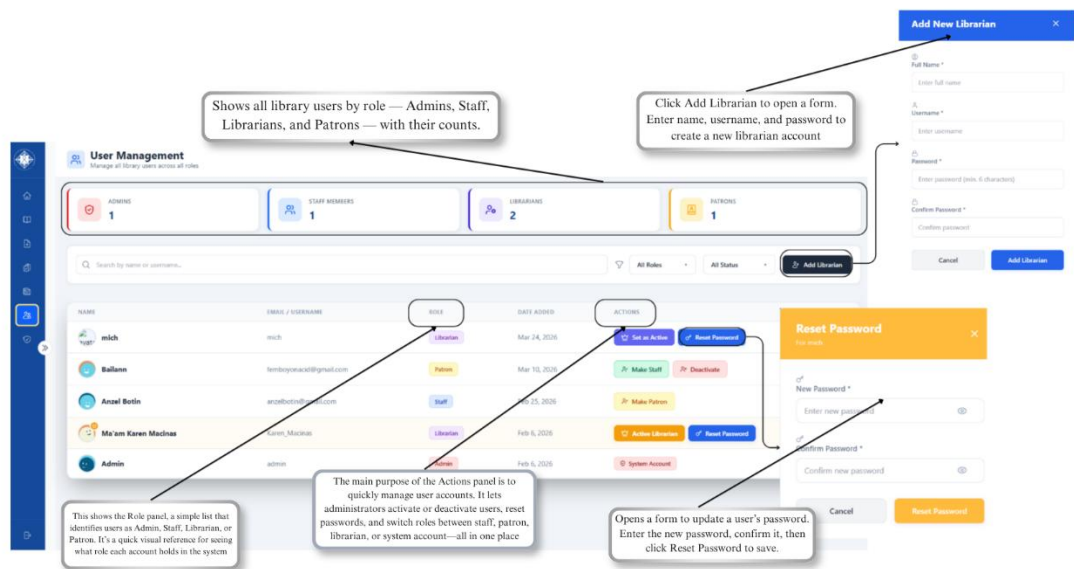

Manage accounts across roles.

Procedure

1. Click User Management.
2. View role counts (Admins, Staff, Librarians, Patrons).
3. Use table actions: Activate/Deactivate, Reset Password, Switch Roles.
4. Add Librarian: Enter name, username, password → Save.

Result

Accounts are updated, roles assigned, and secure access maintained.

SECURITY MANAGEMENT

Purpose

Monitor and control system security.

Procedure

1. Click Security Management.
2. Review Activity Logs (Timestamp, User, Action, IP, Details).
3. Filter by date or action.
4. Export logs via CSV.
5. Purge logs older than set retention period.

Result

System integrity is maintained with transparent activity tracking.

Troubleshooting Guide

- Login Issues → Check credentials, reset password.
- Catalog Not Loading → Refresh, check internet.
- Import Errors → Verify headers, remove blanks.
- Announcement Not Sending → Ensure subject, message, audience fields are complete.

The screenshot shows the 'Security Management' dashboard with a focus on 'Activity Logs'. The interface includes a search bar, filters, and a table of log entries. Callouts provide the following information:

- The first date button sets the start date for filtering logs.** (Points to the first date input field)
- The second date button sets the end date for filtering logs, showing records up to that chosen date.** (Points to the second date input field)
- The Purge Activity Logs option deletes old records beyond a set number of days. Once confirmed, those logs are permanently removed and cannot be recovered.** (Points to the 'Purge Log!' button)
- The Export CSV button is used to save the activity logs as a file you can open in Excel or similar programs. It makes the logs easy to review, share, or archive outside the system.** (Points to the 'Export CSV' button)

Timestamp	User	Action	Type	IP Address	Details
